WHERE: All performances will be posted on our Youtube, Facebook and Instagram sites.

PERFORMANCE REQUIREMENTS: There are no time limits for the performances. Beginners through professionals are welcome. Longer submissions will be posted fully on YouTube; excerpts will be posted on other social media.

WHAT TO DO NEXT: **Share this information with your students and** encourage them to participate by helping with the musical selection process. Usually a parent or sibling will make the video, and it is preferable that the camera show the full person playing or singing (not just a shot of their hands, etc.) Explain the submission process: go to [www.rcmtg.org](http://www.rcmtg.org) and click on Music Marathon (remind students under 18 that a permission slip will popup). **Videos need to be in either Dropbox or google drive.**

Encourage your students and parents to share their videos and the donation link on their own social media.

## Videos will be accepted starting 12/4-12/10
